

Vida Verde - Website Changes Checklist

1. Hero Section

Make these changes:

- Change hero headline to: "Learn Spanish Online. One-on-One. With a Real Teacher."- **Done**
 - Change subheadline to: "Expert Ecuadorian Spanish teachers, personalized lessons, flexible scheduling - from anywhere in the world."- **Done**
 - Replace primary CTA button with: "Book Your First Lesson" ("Start for \$12" - small text below the button)- **Done**
 - Add secondary CTA: "Study in Quito" (for immersion visitors)- **Done**
 - Add trust bar to the right side (blank section): AECEE Certified, Since 1999, 4,700+ Students, All Levels Welcome- **Done**
 - Replace/update the hero background video to reflect online teaching (teacher + student on screen), not just Quito scenery
-

2. Navigation

Make these changes:

- Reduce to 4-5 top-level items only: **Online Classes | Study in Quito | Homestay | About | Contact** - **Done**
 - Remove: Volunteers, Community, Activities, Gallery from top-level nav - **Done**
 - Ensure every nav item leads to a conversion action within 2–3 clicks
-

3. Remove/Replace All "Skype" References

Make these changes:

- Do a full site search for the word "**Skype**" and replace every instance with "**Google Meet**"- **Done**
 - Update the Online Classes FAQ to explicitly state and highlight: "**We use Google Meet for all online lessons**"
 - Check course cards, About page, and any email templates for remaining Skype references
-

4. Online Classes Page

Make these changes:

- Add clear pricing display: Discounted First Lesson (\$10–\$15) / Hourly / 10-class package / 20-class package

- Add a self-service booking flow: visitor selects teacher → picks date/time → pays online
 - Add "Book with [Teacher Name]" CTA on each teacher card
 - Add a visible availability indicator on each teacher card (e.g. "Next available: Tuesday")
 - Add an FAQ section with at minimum: What platform do you use? | What level do I need? | How do I pay?
 - Repeat the primary CTA button at both the top and bottom of the page
-

5. Payment & Booking Flow

Make these changes:

- Integrate Stripe (or equivalent) as the payment gateway — supports credit/debit cards, Apple Pay, Google Pay
 - Build self-service booking: teacher selection → date/time picker → payment → instant confirmation
 - Set up automatic confirmation email containing: Google Meet link, teacher intro note, and prep materials
 - Ensure checkout is completable entirely on mobile in under 60 seconds
 - Remove the manual contact-form-only purchase flow
-

6. Lead Capture (Email Capture)

Make these changes:

- Add a free downloadable resource offer — e.g. "Survival Spanish for Ecuador" or "Your First 50 Spanish Conversations"
 - Gate the download behind an email capture form
 - Set up an automated email follow-up sequence to nurture these leads toward booking a first lesson
 - Place the lead capture CTA prominently on the homepage (secondary CTA below the primary booking button)
-

7. Testimonials / Social Proof

Make these changes:

- Replace all existing testimonials with new ones that include: student photo, full name, country flag, and a specific outcome (e.g. "Got conversational in 8 weeks" or "Used Spanish in a job interview")
- Add TripAdvisor rating badge to the social proof section
- Remove the broken Twitter/X widget entirely
- Move student count (4,700+) and AECEE certification into the hero trust bar (not buried mid-page)
- Add star rating aggregate near the testimonials section

8. Teacher Profiles

Make these changes:

- Add a "Book with [Teacher Name]" CTA button directly on each teacher card
- Add availability info to each card (e.g. "Available Mon–Fri mornings")
- Expand each bio to include: credentials/education, years of experience, teaching style (1–2 sentences), level focus
- Confirm which teachers (Fernando, Ximena, Lucía, Laura) are available for online classes — show only those on the Online Classes page
- Fix social links to be teacher-specific or remove them if not applicable

9. Footer

Make these changes:

- Update copyright year to 2026
- Remove social media links to any channels with no recent posts (confirm which are active before launch)
- Keep only active channels — recommended: Instagram and Facebook if maintained
- Add WhatsApp contact button in footer
- Update quick links to match the new simplified navigation structure

10. Content & Copy Updates

Make these changes:

- Replace all instances of "Skype" with "Google Meet" (covered in Section 3 above — confirm it's done site-wide)
- Remove or mark as "Coming Soon" any programs that are not currently active (confirm status of Jungle Program / GAIA Lodge / Yarina Lodge with Rosa and Mateo)
- Update all copyright dates from 2018 to 2026
- Add Spanish language toggle for bilingual SEO (English primary, Spanish secondary)
- Refresh blog — remove or archive stale posts; add at least 2–3 recent posts before launch

11. "Study in Quito" / Immersion Section

Make these changes:

- Add a clearly labeled "Study in Quito" navigation item and section
- Create individual program pages for: Quito Immersion Program, Travelling Classroom, Puerto López

- Each program page must include: what's included, weekly schedule sample, pricing table, and an inquiry CTA (not a checkout — these need coordination)
 - Add a Homestay section: how it works, what to expect, host family photos if available
 - Add a secondary homepage CTA below the hero for immersion visitors: "Explore Study in Quito"
-

12. About / Credibility Page

Make these changes:

- Add Rosa's personal founding story (1999, La Floresta, family school ethos)
 - Explain AECEE certification with a link to the AECEE website — make it a headline, not a footnote
 - Add La Floresta neighborhood context: safe, culturally rich, centrally located
 - Add full teacher bios with photos, education, years of experience, and teaching philosophy
 - Add a photo gallery of the school building, classrooms, and garden/patio
-

13. Performance & Technical Fixes.

Make these changes:

- Fix or remove all broken widgets (Twitter auth error widget must be removed)
- Ensure full mobile responsiveness — single-column layout, generous tap targets
- Primary CTA must be visible without scrolling on mobile
- Add image compression, lazy loading, and CDN for faster international load times
- Install Google Analytics 4 with conversion tracking (track: first lesson bookings, lead captures, program inquiries)
- Ensure booking and checkout flows work fully on mobile
