

Vida Verde - Development Plan Phase 1.0

1. Phase 1.0 Scope

Area	Scope
Public	Booking, lead capture, blogs, packages
Admin	Auth, manage teachers/bookings/sessions/blogs/packages, calendar
Customer	Auth, invoices, packages, calendar

2. Core Functionalities

2.1 Public

Lead Capture & PDF Email

- Form: **first name** and **email** only
- On submit: send PDF download link via email, add to **nurture sequence**, show success message
- GDPR checkbox required
- Nurture: 4 emails over 14 days

Book First Lesson

- *Step 1*: Select teacher
- *Step 2*: Select package (Assessment & First Lesson default)
- *Step 3*: Date/time picker: real availability, timezone auto-detect (GMT-5), manual override
- *Step 4*: Details: first name, last name, email, Spanish level
- *Step 5*: Dummy payment gateway (Stripe-ready)
- *Step 6*: Confirmation screen + Google Meet link
- *Emails*: invoice PDF + confirmation (immediate), reminder (24h before), follow-up (1h after class)
- Reschedule free up to 24h before; cancellation within 24h forfeits fee

View Blogs

- Index: card grid (thumbnail, title, date, category, excerpt, Read More)
- Post: single-column, author, date, reading time, social share (WhatsApp/Facebook/Email), related posts

View & Purchase Packages

- Display all packages with: **price, inclusions, validity, CTA**
- Prices in USD

2.2 Admin

Authentication

- Email & password login
- Password reset via email

Manage Teachers

- List, add, edit, deactivate teachers
- Fields: ***name, bio, photo, specialisations, availability status***
- Weekly availability schedule per teacher

Manage Bookings

- List with filters (teacher, date range, status)
- Export CSV

Manage Blogs

- List (title, date, status, category)
- Create/edit/delete: rich text editor, image upload, publish button

Manage Sessions

- View upcoming and past sessions
- Mark as Completed, No-Show, or Rescheduled; add admin notes

Manage Packages

- View, create, edit package types (name, price, classes, validity, active toggle)

Admin Calendar

- Monthly/weekly view of all sessions across all teachers
- Filter by teacher; click session for details popup
- Color-coded by teacher

2.3 Customer

Authentication

- Account auto-created on first completed booking, email will be sent with auto-generated password, and password change link
- User account registration
- Email and password login
- Password reset via email

View Invoices

- List: date, package, amount, payment status
- Download invoice PDF per booking

View Purchased Packages

- Package name, classes remaining/used, expiry date, progress indicator

Customer Calendar

- Upcoming and past sessions in student's timezone

3. Frontend UI Changes

3.1 Navigation

Item	CTA
Online Classes	Book Your First Lesson
Study in Quito	Inquire / Book a Program
Travel Spanish	Plan My Travel Spanish
Our School	Meet Our Teachers
Contact	Send a Message / WhatsApp

- Sticky navbar; 'Book Your First Lesson' button always visible desktop
- **ENJES toggle right** side of navbar (sticky)
- Mobile: hamburger, CTA collapses into menu
- Remove Twitter/X and LinkedIn unless confirmed active

3.2 Homepage Sections

Section	Changes
A - Hero	Real photo background; Primary CTA 'Start for \$12 - Book Your First Lesson'; Secondary CTA 'Explore All Programs'; trust bar below CTAs
B - Why Vida Verde?	4 cards: Real School, Expert Native Teachers, Personalised, Learn Anywhere
C - Course Selector	4 cards: Online Classes, Study in Quito, Travel Spanish, Free Guide (→ #lead-capture)
D - Social Proof	3-5 outcome-specific testimonials (photo, name, flag); TripAdvisor badge; stats block
E - Meet the Teachers	Teacher cards with photo, name, teaching style, 'Book with [Name]' CTA
F - About Block	2-3 sentences, AECEE badge, 'Our Story →' link
G - Lead Capture	Lead form (see 2.1)

3.3 New Pages

Page	Elements
Online Classes	Hero, How It Works (4 steps), Pricing cards, Teacher selector, FAQ accordion, Bottom CTA

Page	Elements
Teacher Profile	Photo, bio, specialisations, availability, testimonials, Book CTA
Our School	Rosa's story, AECEE block, La Floresta context, Teacher bios, Gallery
Blog Index	Card grid, category filter, lead capture widget
Blog Post	Single-column, share buttons, related posts, lead capture widget
Contact	Form, WhatsApp CTA, email, Google Map, address
Privacy Policy	Required for GDPR / email capture
Terms of Service	Required for payment processing

3.5 Booking Flow UI

- 6-step progress indicator
- Teacher selector: card or dropdown with photo, name, availability badge
- Package cards: Assessment & First Lesson highlighted as primary
- Calendar/time picker: real slots, timezone label + override
- Payment: dummy gateway in Phase 1, Stripe-ready layout
- Confirmation screen: summary, teacher, date/time (user timezone), Google Meet link
- Fully mobile-optimised

3.6 Admin Panel UI

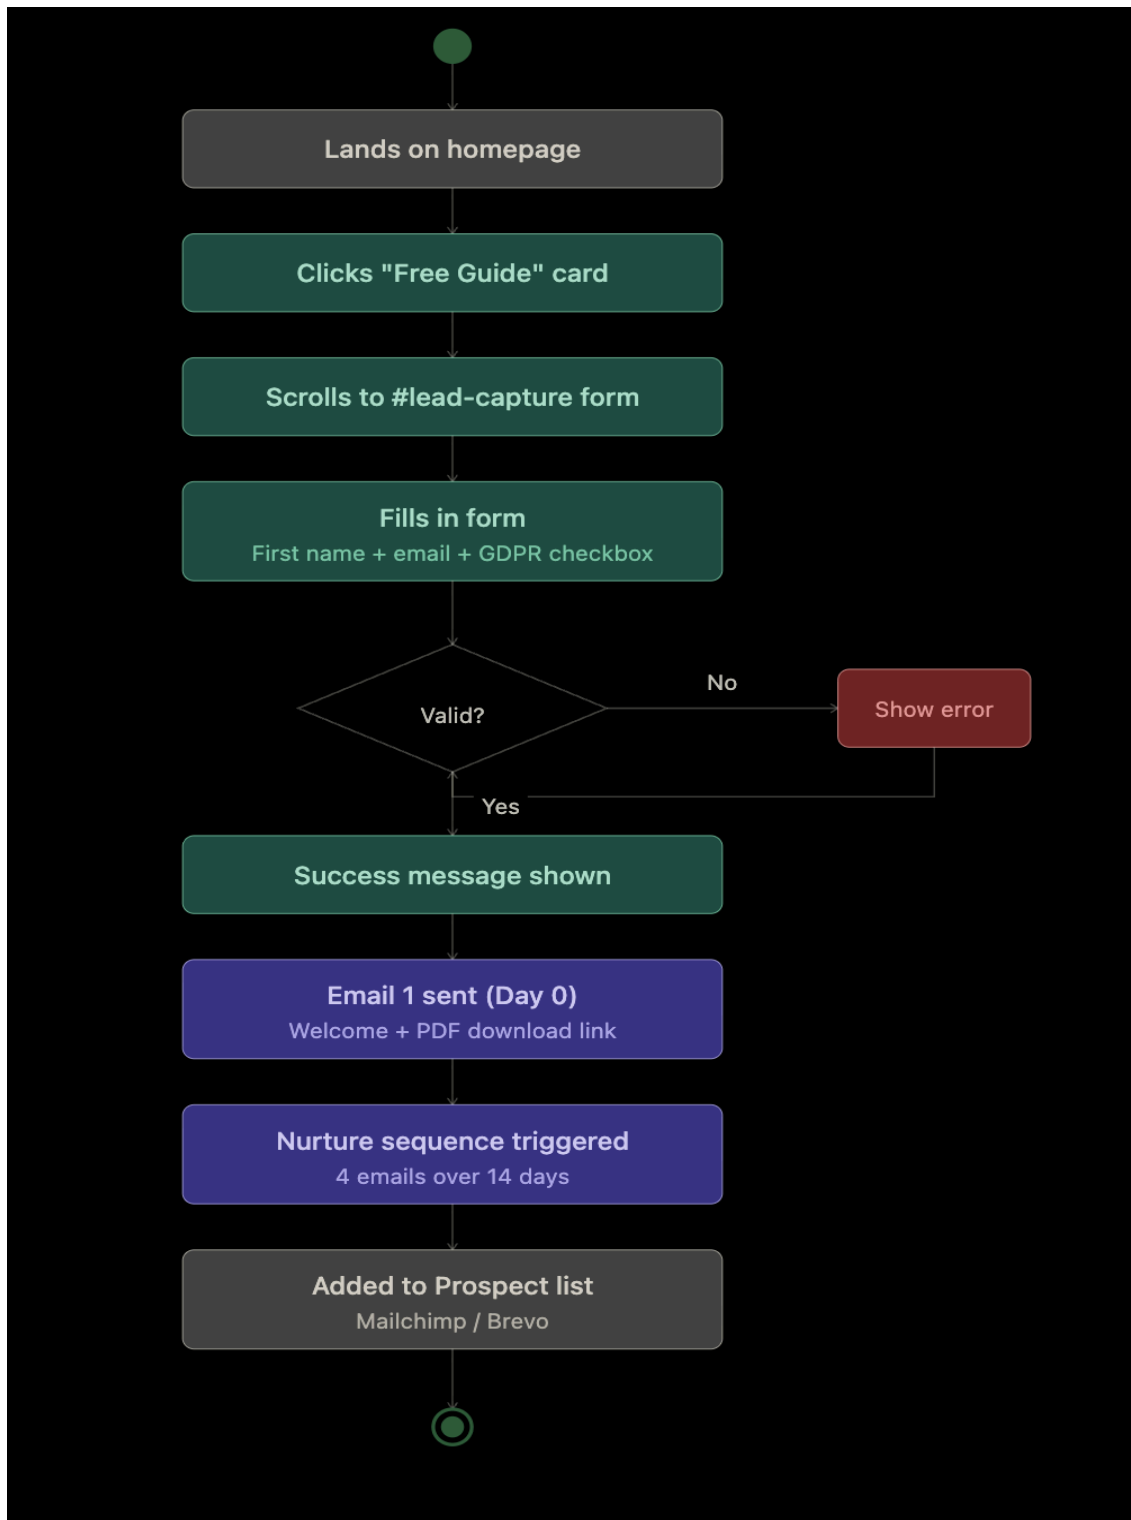

- Login page, dashboard summary cards
- Sidebar: Dashboard, Bookings, Sessions, Teachers, Packages, Blog, Calendar
- Data tables with sort/filter
- Blog: rich text editor, image upload, SEO fields, publish toggle
- Calendar: full-calendar month/week, color-coded by teacher

3.7 Customer Portal UI

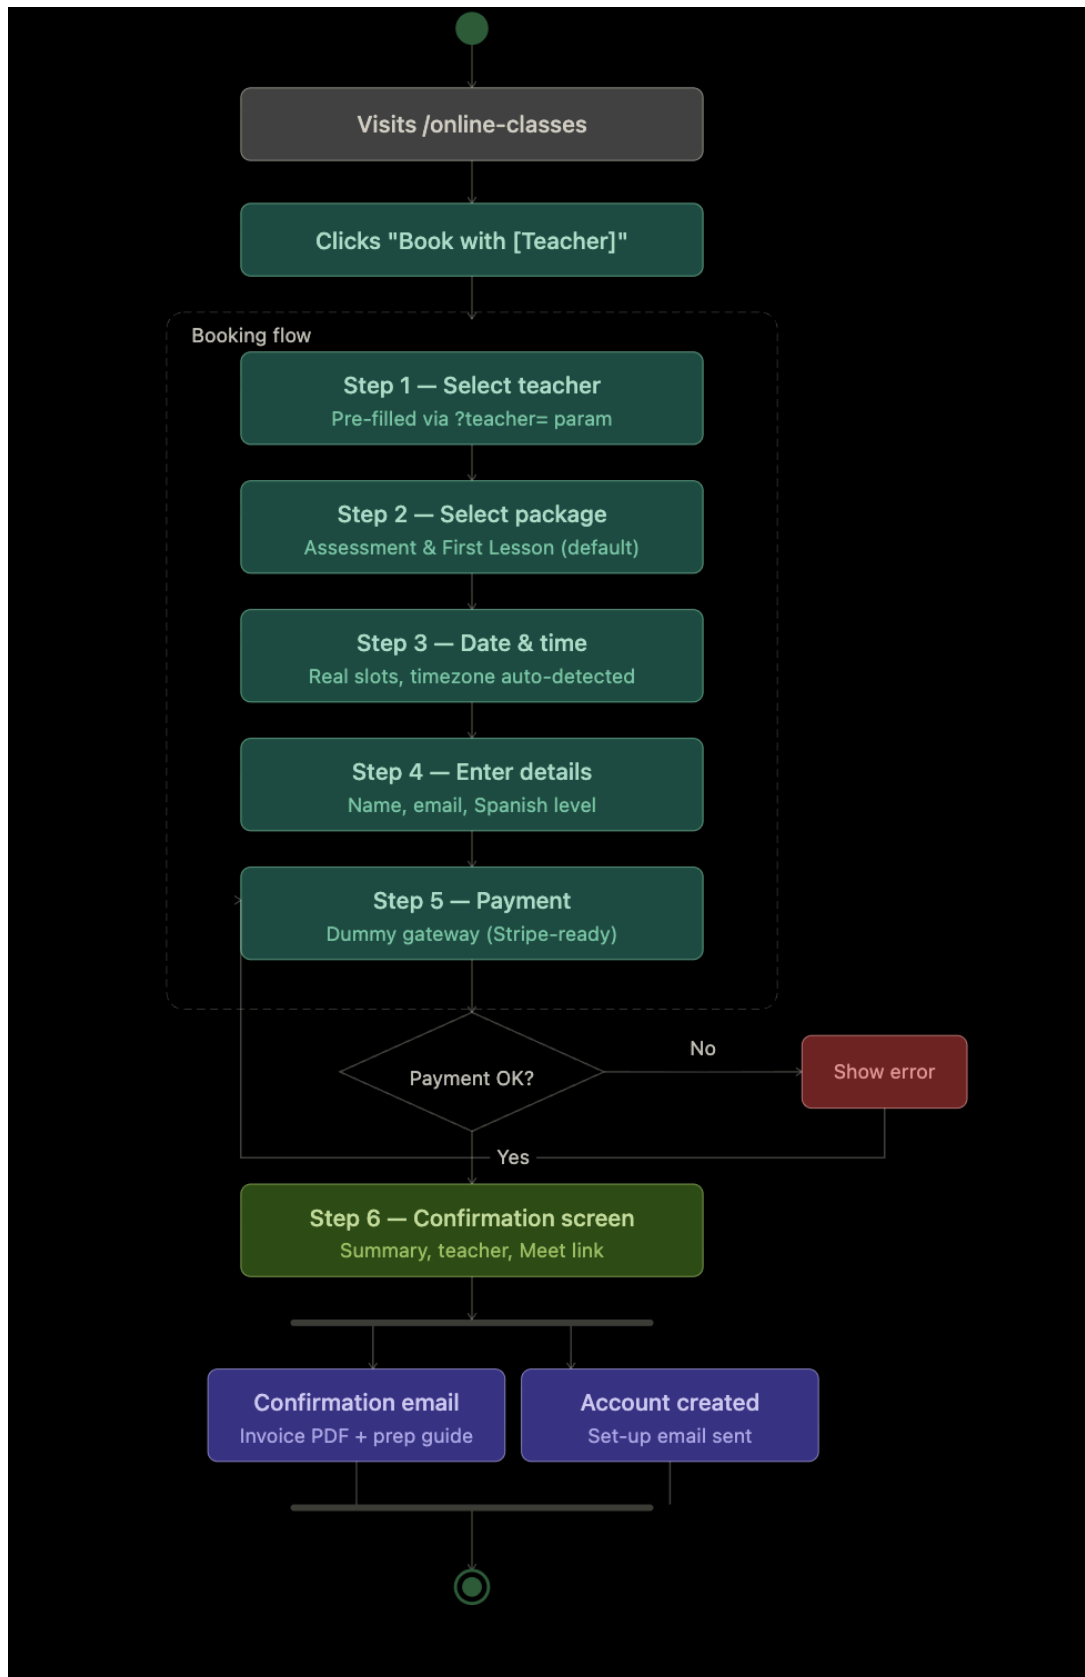

- Login + 'Set up your account' flow
- Dashboard: upcoming session, package progress bar, recent invoices
- My Packages, My Invoices (download PDF), My Calendar (reschedule/cancel)

4. User Flow Diagrams

1. Lead capture

2. Booking userflow:
